Meet ATG at...

Do you prefer to discuss face-to-face what we can do for you? Interested in talking to an ATG representative at a meeting about your molecular biology, multi-protein expression or synthetic biology projects? Our experts will be at these events:

- **6th Partnering Conference for Industrial Biotechnology** in Frankfurt (September 12).
 - Poster Presentation at the **1st European Conference on Natural Products** in Frankfurt, Germany (September 22-25). Poster C 69: Artificial multi-gene expression systems for natural product formation and its deployment -in vivo or in vitro
 - Project presentation by Dr. Silke Wenzel (Saarland University) at the **MipTec** in Basel, Switzerland (September 24-26) in the **Natural Products and Synthetic Biology** section
- . ATG experts will attend the event.
- **Biotechnica in Hannover, Germany** (October 8-10, 2013), time slot Oct 9, 13:30. Speed-date with us, attend Dr Bernauer's presentation (in the *Industrial Biotechnology forum, Bioeconomy's Next Business Model* section), or arrange an informal meeting with us.
